

Worship Room Instructions and Map (Phase 1)

Gym

If you are registered for the gym, please plan on arriving 15 minutes early to allow time for everyone to be seated before the service begins. You will enter the building using Door #5, Those with disabilities should use Door #7 and wait just inside the door to be directed to your seat.

Your best parking options are the Military Road lot or Military Road street parking. As you approach the entrance, please adhere to the 6-foot spacing markers placed along the sidewalk and into the South Lobby. You will be shown to a seat that will accommodate you and anyone else in your family. Please cooperate with the seat assignment and remain seated so we can include as many as possible, staying within safety guidelines. Feel free to wave or chat with each other from your assigned seat location.

There will be hand sanitizer stations as you enter the gym. There will be no bulletins distributed; we encourage you to print one out from our website at home. There also will be no offering plate passed; we encourage you to give online, or there will be an offering box located near the exit.

Please bring your own Bible, writing materials and face covering. As a reminder, everyone five years and older is required to wear a face covering, unless you have a medical reason not to wear one. If you forget your face covering, we will have some available. The bathrooms assigned to this location are those in the hallway just outside the gym. Parents may take restless children to Room 122. Help us maintain complete separation between the three worship rooms by not walking between rooms through other parts of the building.

Immediately following the service, you will exit the building through Door #7. We ask that you represent Cherrydale Baptist Church well to our neighbors by wearing face coverings and maintaining physical distance as you move toward your cars. See you soon!

Enter Door #5

Disabled Access Door #7
